

We are looking for Board Members

About Binaytara Foundation

The Binaytara Foundation (BTF) is a 501 (c) 3 non-profit established in 2007 with the goal of promoting health and education in resource poor communities. BTF has a special consultative status with the United Nations Economic and Social Council (ECOSOC).

Mission Statement

The Binaytara Foundation seeks to improve healthcare in resource poor communities and improve cancer care worldwide by collaborating with national and international organizations to:

- develop healthcare manpower in underserved areas
- improve access to cancer care by establishing direct care facilities and services
- promote the practice of evidence based medicine by providing research grants to young physicians and healthcare providers in training
- improve knowledge and competence of healthcare professionals by offering them continuing educational materials through live and virtual meetings, webinars, and other educational forums.

Our Values

Benevolence : As a non-profit charity organized to promote health and education in resource poor communities, the BTF and its leadership remains committed to this value of doing good to others.

Transparency: As an organization supported by the public, we remain committed to maintaining transparency and accountability in every project, activity, and transaction we do.

Friendship: Friendship and partnership are core elements of every BTF project. We believe in collaborating with individuals and organizations in order to bring positive changes in the communities we serve and live in.

Our Vision

Every human being will have access to healthcare that is based on evidence, that is culturally appropriate, and that improves their quality of life.

Our Team

BTF board members, volunteers, associates, and partners are individuals highly motivated to help the less privileged people around the world. As individuals who grew up in Nepal, and were edified by higher education and professional training in their home countries and in the United States, BTF co-founders maintain a strong sense of responsibility towards helping improve healthcare in resource poor communities.

We are looking for highly motivated individuals with passion to help the less privileged people around the world to join our team as board members and volunteers. Board members are expected to be actively involved in strategic development, fundraising, project leading, collaborating with partner organizations and individuals and other activities of BTF.

If you believe what we believe, and if you are interested in helping the less privileged people around the world, please contact our executive director Tara Shah - shahtara@binayfoundation.org about board member and volunteer opportunities with Binaytara Foundation.
